

COVID-19 BUSINESS TRANSITION PLAN

February 25, 2021

Big Horn County Incident Management Team

Business Preparation for Transition Template

Big Horn County Stance On: Variances to Wyoming State Public Health Orders

Big Horn County will follow the Governor's Statewide Public Health orders as they are released. The county intends to remain centric on the Governor's policies.

This is a template to help prepare your business for the future as we move forward in our economic recovery phase of this COVID-19 response emergency. This is only a template and not an exhaustive list of necessary components. Additional requirements may be necessary as Big Horn County Plans are developed and State guidance and/or Public Health Orders are revised. Nothing in this template gives any individual or business the authority to act outside the scope of the current Statewide Public Health Orders.

<u>The County does not waive sovereign immunity by publication of this transition</u> <u>plan, and specifically retains immunity and all defenses available to them as a</u> <u>sovereign pursuant to relevant Wyoming Statute and all other state law.</u>

The most current versions of the State of Wyoming Public Health Orders:

- #1 <u>https://www.bighorncountywy.gov/images/Order1_22ndContinuation_Feb252021.pdf</u>
- #2 <u>https://www.bighorncountywy.gov/images/Order2_22ndContinuation_Feb252021.pdf</u>
- **#3** This order has been eliminated. (Business previously under this order must comply with Order #4)
- #4 https://www.bighorncountywy.gov/images/Order4_4thContinuation_Feb252021.pdf

After review of current orders, if you feel that a variance for your business is appropriate, you may submit a written plan for this request. A written variance for Big Horn County must be approved by the Incident Management Team including the County Health Officer, as well as the State Health Officer and the Office of the Attorney General; this is the only variance that is valid and enforceable. All other forms of written or verbal authority that have not been approved through this process are not valid or enforceable. Submission requirements and instructions are included in the plan components on pages 3-5. PLEASE NOTE: FAILURE TO COMPLY BY ANY BUSINESS OR INDIVIDUAL WITH COUNTY AND STATE PUBLIC HEALTH ORDERS OR AN APPROVED, WRITTEN VARIANCE <u>MAY</u> RESULT IN THE CRIMINAL PROSECUTION OF THAT PERSON(S) OR BUSINESS.

Process:

1. Submit written request with Template components included.

2. Big Horn County Incident Management Team review of requests that are within the current transition phase of Wyoming State Public Health Order revisions.

3. Big Horn County Health Officer forwards plans approved at the county level, to State Health Officer for consideration.

4. State Health Officer reviews and consults with Attorney General's Office.

5. Plan is approved or denied. If denied, necessary changes may be discussed by State Health Officer and County Health Officer as appropriate.

Checklist	Plan Components	Special Needs to Complete
	Pre-Planning:	
	Forecast supplies that may be needed to properly	
	disinfect the business on a regular basis and	
	ensure adequate cleaning supplies are on hand.	
	Develop a plan for how you will operate if	
	absenteeism spikes from increases in sick employees.	
	Develop a plan to support respiratory etiquette	
	and hand hygiene for employees, customers, and worksite visitors.	
	Create a plan for performing enhanced cleaning	
	and disinfection after persons	
	suspected/confirmed to have COVID-19 have been	
	in the facility. If a sick employee is suspected or	
	confirmed to have COVID-19, follow the <u>CDC</u>	
	cleaning and disinfection recommendations.	
	Make sure that policies and practices are	
	consistent with public health recommendations	
	and are consistent with existing state and federal	
	workplace laws (for more information on	
	employer responsibilities, visit the <u>Department of</u>	
	Labor's and the Equal Employment Opportunity	
	<u>Commission's</u> websites).	

Business Preparation for Transition Template

For Building:	
Change or alter ingress and egress methods.	
Separate incoming from outgoing. Try to achieve	
the 6-foot distance for travel flow in the building.	
Use floor signs to control direction and spacing.	
Change seating in lunch and break rooms if	
needed. Remove tables and chairs as needed to	
reduce the number of potential seating	
opportunities.	
Consider plexiglass shields at check outs or	
registers to separate staff from patrons.	
registers to separate starr nom pations.	
Adapt receiving procedures to minimize contact	
with vendors or delivery services. Arrange product	
storage/warehousing to reduce staff crowding	
when dealing with inventory.	
For Staff:	<u> </u>
Check in procedures. Avoid having multiple people	
attempting to check in or use time clock at same	
time.	
time.	
Adjust schedules. Change lunch and break times to	
minimize number of employees in lunch or break	
room at one time. Maintain the less than 10	
people rule with the 6-foot distancing.	
Train staff in disinfection including proper cleaning	
of registers, counter tops, drinking fountains,	
phones, touch pads, and other common touch	
areas with doorknobs and handrails cleaned	
several times per shift. Social distancing best	
practices as well as proper mask use should be	
required.	
For Patrons:	
Plan for how you will provide services to/for the	
· · ·	
vulnerable population at high risk.	
Screening: Personal service locations, such as	
schools, gyms, or recreation facilities should plan	
to provide screening of patrons for health	
concerns.	

Business Preparation for Transition Template

Final Preparations:	
Once you have the establishment ready for	
opening, perform a walk through to ensure that	
the prohibition of 10 or more people in a single	
confined space can be adhered to. Check that	
signage and markers are in place to assist patrons	
in maintaining a 6-foot distance while in your	
establishment. Look for any opportunity to	
provide protection for your employees and	
customers that may not have been considered in	
your initial planning.	
Prior to the opening, partial opening or	Business Plan Cover Sheet must
